The job description

As an International Sales Manager you get the challenging mission to sell our products to residential and commercial ventilation and air handling manufacturers. You will:

- Advise and support our international relations in technical and commercial activities
- Set up sales strategy and goals and take your responsibility
- Start, build and manage relationships with our(potential) customers
- Provide market information for our business and sales strategy, product development and market positioning.
- Travel to manage existing relationships and look constantly for new sales opportunities
- Participate in exhibitions

Who are you?

- You are ambitious and social
- You are a team player
- You have affinity with technology
- You are client-oriented and have a commercial mindset
- You want to be part of a modern and fast growing environment

What are we asking of you?

- You have a college degree (HBO), preferably technical, commercial or business administration related
- You have excellent communication and presentation skills in German and English
- You have commercial experience
- You are familiar with the residential and commercial ventilation market

What are we offering you?

- A competitive salary and excellent secondary employment conditions
- An international, open, dynamic and healthy workspace
- Attention for growth and personal development
- A permanent contract
